

## Joel Carpenter, Human-in-Chief

Joel Carpenter is station manager-elect at Human FM. With several years' experience in commercial radio Joel is ideally placed to lasso talent from around the University. Under Joel's guidance, we plan that Human FM can be fully self-supporting by 2010.

In the meantime, Joel's work is powered only by donated vegetables, left-over sushi, and goodwill. Goodwill is cheap and leftover sushi is in abundant supply, but human salaries are not. JOEL NEEDS TO BE PAID. We're inviting you... to pledge your support for Joel, so that he can put in the hard work necessary to take Human FM to the next level. Fill out the back panel and

He who washes least will be smelt first...

Human FM

## Befriending Human FM

Become a friend of Human FM and support Joel Carpenter. It's simple, just fill this form out, send it to us (see below), and we'll help you set up an AP.

Your name: \_\_\_\_\_

Commitment (please tick):

- \$10/week
- \$20/week
- other: \_\_\_\_\_

Committing for two years will give us time to safeguard other sources of revenue.

Or, set up your own automatic payment with the following details:

bank: BNZ

account name: Human FM

account number: 02-0500-0044712-025

code/reference: 3875

Donations to Human FM are tax deductible.

Human FM  
8 Kelburn Parade  
Kelburn  
Wellington

Human FM is a ministry of

in the beginning was the WORD.....

## Human FM's vision

The University: emaciated souls stagger between lecture theatres and other sterile enclosures on campus. A student culture that was once vibrant, vocal and politically daring has been hijacked by image consultants in tidy suits. To hear ghostly echoes of the crucial debates that once raged from loud-hailers across the city, you must press your ear to the floorboards of flats on Abel Smith St and along Holloway Road...

**Peter Pop-culture and Karl Consumerism had been basking in the sun for too long. They were sweaty and very tired. Human FM told them to go and jump in the lake and take a nice long swim... and never come back again.**

Human FM is here to rescue the microphone from the clutches of commercial radio and hand it back to the people. This could be dangerous. What might be said? What might be played?

## Think global, act neighbourly

Human FM broadcasts on a local Wellington frequency – 88.1FM. We transmit from Kelburn and our reach includes the CBD, central and eastern suburbs. Through the wonders of modern technology, Human FM is also available wherever humans are found, at [www.humanfm.org.nz](http://www.humanfm.org.nz)

Though our programming begins at Victoria University, it has international appeal because of its human focus.

**She who shouts the loudest will be heard...**

## Human FM's programming

Human FM is a new radio station, ready for new challenges. We're dedicated to home-grown content, live performance, and the miracle of language. We're committed to giving a voice to the VUW community — students, staff, interest groups, clubs, even the VC and administration!

indie pop  
interviews  
live events  
performance poetry  
debate  
cups of tea  
politics  
whimsy  
post-post-structuralism  
singer-songwriters  
academic analysis  
Wellington talent  
hand-me-downs  
terrible jokes
