Course Objectives and Content

The course provides students with further developments in economic theory and examples of how that economic theory can be applied for policy purposes. It builds directly upon the material taught in MAPP 521. Students should consult N. Gregory Mankiw (2004, 3rd ed.) *Principles of Economics* for the basic economic theory. The material from Mankiw will be supplemented by readings on each topic, with the readings providing both theory and applications on each topic.

The themes for the course are the appropriate role for government in economic affairs, and what are the effects of government action on economic outcomes. The market failure arguments presented in MAPP 521 provide the initial impetus for investigating the role of government, and the most efficient economic instruments to be employed.

A variety of case studies will be provided. Integrating micro and macroeconomic theory, the case studies will demonstrate how economic analysis and theory can be applied, drawing upon New Zealand and overseas material.

At the end of the course, students should have:

- a good understanding of the usefulness and limitations of economic analysis for policy formulation and development;
- an appreciation of, and a basic capacity to appraise, the economic analysis emanating from other agencies or private sector economic consultants/lobbyists;
- a knowledge of different economic instruments, and the incentive effects that those instruments provide for economic agents;
- a realisation that every microeconomic decision has a macroeconomic (and budgetary) implication and vice versa; and
- a knowledge of how to apply economic principles to practical case studies.

**Please send / hand-in all assignments to:**

Francine McGee,
School of Government,
Victoria University of Wellington,
Level 8 Reception,
Rutherford House,
23 Lambton Quay,
P.O. Box 600,
Wellington.

Students should keep a copy of all submitted work.

**Deadlines and Penalties**

The ability to plan for and meet deadlines is a core competency of both advanced study and public management. Failure to meet deadlines disrupts course planning and is unfair on students who do submit their work on time. It is expected therefore that you will complete and hand in assignments by the due date. Marks will be deducted at the rate of five for every working day by which the assignment is late (weekends and public holidays excluded) and no assignments will be accepted after five working days beyond the date they are due. For out of town students, two calendar days’ grace is given to allow for time in the post.

If ill-health, family bereavement or other personal emergencies prevent you from meeting the deadline for submitting a piece of written work or from attending class to make a presentation, you can apply for and may be granted an extension to the due date. Note that this applies only to extreme unforeseen circumstances. You should let your course coordinator know as soon as possible in advance of the deadline if you are seeking an extension.

General University Policies and Statutes

Students should familiarise themselves with the University's policies and statutes, particularly those regarding assessment and course of study requirements, and formal academic grievance procedures.

Student Conduct and Staff Conduct

The Statute on Student Conduct together with the Policy on Staff Conduct ensure that members of the University community are able to work, learn, study and participate in the academic and social aspects of the University's life in an atmosphere of safety and respect. The Statute on Student Conduct contains information on what conduct is prohibited and what steps can be taken if there is a complaint. For queries about complaint procedures under the Statute on Student Conduct, contact the Facilitator and Disputes Advisor. This Statute is available in the Faculty Student Administration Office or on the website at www.vuw.ac.nz/policy/StudentConduct. The policy on Staff Conduct can be found on the VUW website at www.vuw.ac.nz/policy/StaffConduct.
**Academic Grievances**

If you have any academic problems with your course you should talk to the tutor or lecturer concerned or, if you are not satisfied with the result of that meeting, see the Head of School or the Associate Dean (Students) of your Faculty. Class representatives are available to assist you with this process. If, after trying the above channels, you are still unsatisfied, formal grievance procedures can be invoked. These are set out in the Academic Grievances Policy which is published on the VUW website at [www.vuw.ac.nz/policy/AcademicGrievances](http://www.vuw.ac.nz/policy/AcademicGrievances).

**Academic Integrity and Plagiarism**

Academic integrity is about honesty – put simply it means **no cheating**. All members of the University community are responsible for upholding academic integrity, which means staff and students are expected to behave honestly, fairly and with respect for others at all times.

Plagiarism is a form of cheating which undermines academic integrity. Plagiarism is **prohibited** at Victoria.

The University defines plagiarism as follows:

> Plagiarism is presenting someone else’s work as if it were your own, whether you mean to or not.

‘Someone else’s work’ means anything that is not your own idea, even if it is presented in your own style. It includes material from books, journals or any other printed source, the work of other students or staff, information from the Internet, software programmes and other electronic material, designs and ideas. It also includes the organization or structuring of any such material.

**Plagiarism is not worth the risk.**

Any enrolled student found guilty of plagiarism will be subject to disciplinary procedures under the Statute on Student Conduct ([www.vuw.ac.nz/policy/studentconduct](http://www.vuw.ac.nz/policy/studentconduct)) and may be penalized severely. Consequences of being found guilty of plagiarism can include:

- an oral or written warning
- suspension from class or university
- cancellation of your mark for an assessment or a fail grade for the course.

*Find out more about plagiarism and how to avoid it, on the University's website at [www.vuw.ac.nz/home/studying/plagiarism.html](http://www.vuw.ac.nz/home/studying/plagiarism.html).*

**Students with Disabilities**

The University has a policy of reasonable accommodation of the needs of students with disabilities. The policy aims to give students with disabilities an equal opportunity with all other students to
demonstrate their abilities. If you have a disability, impairment or chronic medical condition (temporary, permanent or recurring) that may impact on your ability to participate, learn and/or achieve in lectures and tutorials or in meeting the course requirements, then please contact the Course Coordinator as early in the course as possible. Alternatively you may wish to approach a Student Adviser from Disability Support Services to confidentially discuss your individual needs and the options and support that are available. Disability Support Services are located on Level 1, Robert Stout Building, telephone 463-6070 or email disability@vuw.ac.nz. The name of your School’s Disability Liaison Person can be obtained from the Administrative Assistant or the School Prospectus.
